## DIMES

The following collection of dimes has taken the Owner many years to compile. Many of the dates were purchased as uncirculated and we in our humble opinion have classified as we see them. Truly a opportunity for a collector to acquire many choice specimens that are seldom offered.

|       |  |        |
|-------|--|--------|
| 491.* | <b>1796.</b> DATE RECUT. Heavy die lump at first star. File marks on obverse. Reverse, struck bold, several die cracks. A Choice specimen with much lustre. UNCIRCULATED .....   | 150.00 |
| 492.  | 1796 Poor. Most lettering discernable. Part of bust visible. Date bold. Reverse is part legible. A good space filler for this rare date.   |        |
| 493.* | <b>1798/97.</b> 16 Star reverse. A very tiny misplaced "3" over "7". "9" in date, larger than other figures. Trifle weak struck at "TY" of Liberty. Reverse, struck sharp. Die break diagonal from dentical to first eagles tail feather. UNCIRCULATED. ....   | 125.00 |
| 494.* | <b>1798</b> Perfect Date. Well centered, bust very sharp. Stars at left a trifle weak. Stars on right, sharp. Liberty bold. A light die crack from "Y" in Liberty, to the nose. A few minute scratches in field. Reverse rather well struck. "A" in America touching third feather. Five berries on stem. A Splendid coin, with lustre. Prac.Unc. .... | 100.00 |
| 495.* | <b>1800.</b> The date divided, with a period between "1 and 8". Trifle weak struck, at stars and rim to left. Stars sharp at right. Reverse bold struck. Die break from dentical to second feather at eagles left wing. Brilliant lustrous surface. Prac.Uncirculated .....  | 100.00 |
| 496   | <b>1800.</b> Another type as above, with period between "1" and "8" but without the tiny die break at eagle's wing. Nick on reverse rim. Fine .....  | 40.00  |
| 497.* | <b>1801.</b> The "1's" in date high. Dot at left of "L" in Liberty. Obverse well centered. Reverse slightly better. V.Fine. Rare .....   | 100.00 |

|        |  |        |
|--------|--|--------|

| 499.*  | 1803. As there is supposedly only one die variety of this date, looking at this coin, it would be hard to call this specimen uncirculated. The die has numerous imperfections on obverse and reverse. Ext.-Fine .....  | 100.00 |
| 500.   | 1803. Another. Obverse V.Good, Reverse Fine .....  | 45.00  |

## COMMEMORATIVE HALF DOLLARS

All Uncirculated unless otherwise stated.

At time of listing, March 30th, we have in many cases priced them over catalogue value, due to the rising prices which have been in effect the past year. At time of Convention, who can say what they will bring. Dealers are paying fantastic prices, just to have them in stock for accommodation trade.

951.\* **1936 CLEVELAND COUNTERSTAMP.** With the famous "Western Reserve Numismatic Club Counterstamp, 1921" within a small portrait of Moses Cleveland/20th Anniversary 1921-41). Possibly not more than 30 pcs. in existence. Only 100 were struck and dies were destroyed and coins recalled. By far the rarest commemorative known. We have handled about eight of these in the past 15 years. Our past auction records have all been within the \$50.00 to \$65.00 sale price on this coin. With a great deal of added interest that has been created among collectors, we anticipate this specimen to bring close to \$100.00. (excessively rare).

"ARTHUR C. FRITZ"

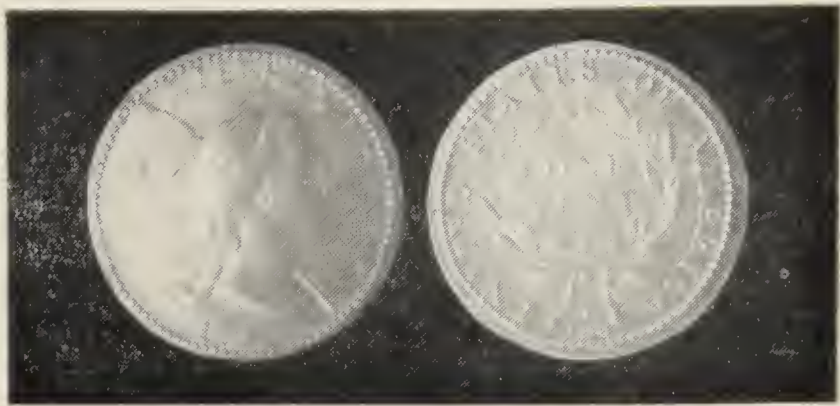

Note on above list you will see coins listed as proofs, be they listed as such, we did not express any of the early ones as proofs and in many cases, we graded them a trifle lower.

1014. 1793 Chain Ameri. Crosby 1-a. Rarity 4. All detail of fine hair, struck up. No sign of wear. Two microscopic edge bruises. UN-CIRCULATED (50 plus). A similar specimen sold a few years ago, listed as the finest known, for \$1,400.00. This specimen, we will venture to say, is probably only a degree inferior and possibly the second finest known. As the price on this type of choice material has skyrocketed, we place the value on this one, and it should bring ..... 1500.00

1015. 1793 Wreath type. Lettered edge. Crosby 11-J. Sh.11-B. The double leaf variety, which is far rarer than the single leaf. Only the highest point of hair shows sign of wear. Glossy brown and mingled with steel and blue color. Beading sharp and bold. Listed as uncirculated in original write up, but we classify this GEM as A.U. (45). This specimen is from the Dr. Hall Collection, and should bring close to ..... 850.00

1016 1793 Liberty Cap. Crosby 12-L. Sheldon 13. This choice specimen was originally from the Dr. Hall collection, listed as you note, as Unc.Gem. Being well centered, beading bold, hair trifle flat struck, as usually found, glossy brown and steel toned with blue. We hesitate to call it Unc.Gem., but will list as Practically Uncirculated (40), and as such should bring ..... 1250.00

1017. 1795 Plain edge variety. D.70, Sh.78. Boldly struck, well centered, Steel and brown toning, with faint touch of red around edge of coin. No sign of wear or any defects to mar this choice specimen. Mint state (60-65), and should command a high value of ..... 250.00

1018. 1796 Liberty Cap. Gilbert D. Sh.84. Open mouth variety, with low "6" in date. Boldly struck, sharp, no sign of wear or defects on the obverse of this choice coin. The reverse at the right of "One Cent" with the wreath, is weak in this spot, otherwise, very bold. A dark chocolate color with a faint trace of mingling red. A Choice (60). Worth ..... 300.00

1019. 1796. Draped bust. Gilbert 15, Sh.119. (This beautiful specimen was purchased as a proof). It is truly a gem, well centered, sharp, no sign of defects. Reddish brown, mostly to the red side, Proof surface and will classify as Mint State 65-70. Worthy of a nice bid 300.00

1020. 1798/97. D.113. Clapp 10. Sh.152. This is another, from the Dr. Hall Collection and is known as one of the three or four finest known. This specimen was mentioned as the **RAREST OF THE RARE**. Naturally, as this die break, has a severe break in the back of the hair, and rough spots, only indicate the sad shape this die must have been in, when this specimen was struck. Mingled faint reddish brown. For this rare variety, we classify as Practically Uncirculated (50), and well worth ..... 350.00

1021. 1799 Perfect Date. D.138, Sh.189. This is the **ORIGINAL CROSBY SPECIMEN**. Listed and sold as Abt.Unc. This we feel is not quite so. Although this specimen shows very little wear, well centered, bold struck, tiny planchet defect under the "F" of "OF", and of course with the so-called mint Mark, (Dot between the "E" & "T" of "One Cent"), we list this as a Ext.Fine, 35 to 40, and as so it warrants a good rating among the top notch coins. Should bring over ..... 1250.00

- 1026 1804. Obverse and reverse die breaks. D.198. Sh.266. **ORIGINAL CROSBY SPECIMEN.** Purchased as Choice uncirculated. Possibly classification was made because of the heavy die breaks, which are very pronounced. The coin does have a very faint touch of wear on the highest point. Small edge planchet defect on rim, another on cheek. Dark brown, mingled with slight trace of red. It definitely is a choice practically uncirculated (50), and as such, should bring close to ..... 1000.00

1032. 1811. D.216. Sh.287. Original Beckwith Specimen, from the Colonel Green Collection. **THE FINEST KNOWN.** There is only three mint red condition. This is Red Uncirculated and a **GEM.** This should bring close to ..... 500.00

1033. 1812 Large date. D.218. Sh.289. This specimen was purchased as a proof. It certainly is a choice coin. Very sharp and well struck. Deep brown. However, in our humble opinion, we will classify this as uncirculated Gem (60-65), with Proof Surface ..... 100.00

1036. 1816 N.2. Beautiful medium reddish brown. Few tiny nicks on neck. Boldly struck, well centered. If not for the nicks, (which were caused in minting) this specimen would be a (65) coin. Well worth ..... 25.00
1037. 1818 N.10. UNCIRCULATED, with considerable red ..... 12.50
1038. 1818 N.10. Another, slightly sharper, but has a artificial reddish brown color.

1039. 1819/18. N.1. Exceptionally sharp and boldly struck. Dark red, UNCIRCULATED with Proof Surface. (65). This GEM should bring close to ..... 50.00

## REMARKABLE COLLECTION OF THE LESHER "DOLLARS"

These coins were struck in 1900 and 1901 by Joseph Leshner of Victor, Colorado, for commercial use, and for a time performed the service of money in central Colorado. The entire issue did not exceed 3000 specimens. They are very scarce and much in demand. It is of the opinion that these coins are just as much a part of the Pioneer or Private Issue series as are the privately minted gold coins of Colorado, California, Oregon, Utah, Georgia and Carolina. All are octagonal, 35 millimeters in size and weigh 412½ grains, the weight of the U. S. Silver Dollar. We have not attempted to place a value on any of these rarities, but the majority of these are worth anywhere from \$50.00 to \$100.00 and over.

### NATIONAL NOTES

The usual National notes in many cases are rather common. Standard catalogues do not distinguish rarities. It is our opinion that Southern notes should be rated 15% higher as to rarity, Western notes somewhat higher. **Territorial notes** in comparison should be rated at least four times higher than the common varieties.
